# 09

Le « **Recueil de la recherche** » publié par le Centre de prévention de la radicalisation menant à la violence (CPRMV) a pour objectif d'alimenter la diffusion et le partage des connaissances en ce qui a trait aux phénomènes de radicalisation menant à la violence et leur prévention. Aussi, nous croyons qu'il est essentiel d'exercer une veille scientifique sur les connaissances produites à ce propos au Québec, au Canada et à l'international. Le « Recueil de la recherche » permet d'offrir sur une base régulière un aperçu des dernières publications de recherche et des événements scientifiques pertinents sur ces enjeux de la radicalisation menant à la violence.

The "**Research Digest**" published by the Center for the prevention of radicalization leading to violence (CPRLV) aims to fuel the dissemination and sharing of knowledge with regards to radicalization leading to violence and its prevention. Also, we believe it is essential to carry out scientific monitoring of the knowledge produced on this topic in Quebec, Canada and abroad. The "Research Digest" aims to provide, on a regular basis, an overview of the latest research publications and relevant scientific events pertaining to the issue of radicalization leading to violence.

## DERNIERS TRAVAUX AU CPRMV RECENT WORK AT CPRLV

L'engagement des femmes dans la radicalisation violente, Conseil du statut de la femme & Centre de prévention de la radicalisation menant à la violence (2016).

[https://www.csf.gouv.qc.ca/wp-content/uploads/radicalisation\\_recherche\\_francais.pdf](https://www.csf.gouv.qc.ca/wp-content/uploads/radicalisation_recherche_francais.pdf)

Conformément au mandat inscrit dans le Plan d'action gouvernemental 2015-2018, La radicalisation au Québec : agir, prévenir, détecter et vivre ensemble, le Secrétariat à la condition féminine et le Conseil du statut de la femme ont été invités à collaborer pour documenter les facteurs différenciés de radicalisation chez les femmes et les hommes dans le contexte québécois. Les deux organismes ont également fait appel à l'expertise du Centre de prévention de la radicalisation menant à la violence (CPRMV) afin d'illustrer ce phénomène.

Le rapport issu de ce mandat, intitulé « L'engagement des femmes dans la radicalisation violente », s'attache, dans un premier temps, à définir ce que constitue la radicalisation menant à la violence. Il aborde, dans un second temps, la situation de l'engagement des femmes dans la radicalisation violente à travers l'histoire et selon une multiplicité de contextes afin de permettre de saisir avec recul le phénomène actuel des femmes rejoignant certains groupes jihadistes en Syrie et en Irak. Adoptant une grille théorique féministe et postcoloniale, ce rapport permet de déconstruire un certain nombre de discours médiatiques et de représentations stéréotypées vis-à-vis de l'engagement des femmes dans la radicalisation menant à la violence. La dernière partie du rapport s'intéresse plus spécifiquement au cas des Québécoises ayant choisi ou tenté de partir pour la Syrie/Irak depuis 2013. Afin d'explorer leurs motivations et leurs parcours de radicalisation, ce rapport s'appuie sur des données empiriques inédites provenant d'une enquête de terrain menée au Québec.

Women and Violent Radicalization, Conseil du statut de la femme & Centre for the Prevention of Radicalization Leading to Violence (2016).

[https://www.csf.gouv.qc.ca/wp-content/uploads/radicalisation\\_recherche\\_anglais.pdf](https://www.csf.gouv.qc.ca/wp-content/uploads/radicalisation_recherche_anglais.pdf)

Pursuant to the mandate in the 2015-2018 Government Action Plan, Radicalization in Québec: Act, Prevent, Detect and Live Together, the Secrétariat à la condition féminine and the Conseil du statut de la femme were asked to work together to document the differentiated radicalization factors among women and men in Québec. The two agencies also drew on the expertise of the Centre for the Prevention of Radicalization Leading to Violence (CPRLV) to illustrate this phenomenon.

The report resulting from this mandate and entitled " Women and Violent Radicalization" seeks, firstly, to define what constitutes radicalization leading to violence. Secondly, It addresses women's involvement in violent radicalization throughout history and in a variety of situations; this step-back in time allows for a better understanding of the current phenomenon of women joining jihadist groups in Syria and in Iraq. Adopting a theoretical framework which is both feminist and postcolonial, the report aims at deconstructing a number of media discourses and stereotypical representations vis-à-vis women and radicalization leading to violence. The last part of the report focuses specifically on the case of Quebec women who have chosen or tried to leave for Syria / Iraq since 2013. To explore their motivations and their path to radicalization, the report draws on unpublished empirical data from a field survey conducted in Quebec.
